

London Junior Programme International House London 2017

As always learning English is at the heart of everything we do, inside the classroom and out. Apart from teaching adults in London, we also run three spring & summer centres for young learners. We offer children and teenagers the opportunity to experience the UK-the people and places- and to express themselves through a variety of well-planned interactive activities, giving them lots of opportunities to practise their English in a safe and caring environment.

IH London Young Learner Centre

The programme takes place at the **University of Westminster's** modern Marylebone campus.

The University of Westminster has a tradition of educating stretching back more than 175 years. It currently has more than 20,000 students on their undergraduate, postgraduate and professional courses with students from over 150 different countries making it one of the largest and most diverse international student bodies of any UK University.

Situated on Marylebone Road opposite Baker Street Underground Station IH London Young Learner Centre offers excellent transport links around London as well as being close to the tranquillity of Regent's Park.

The campus is very safe, with a secure 24 hour reception situated at both the main entrance and the entrance to the accommodation – Marylebone Hall.

There are also regular night patrols around the house every night.

The English Explorer Programme

This course is perfect to help junior students gain skills and confidence using English language, whilst having lots of fun, learning about history and culture that London has to offer.

The programme is focussed on:

- ✓ Improving spoken English
- ✓ Increasing vocabulary
- ✓ Preparing to study in the UK or abroad
- ✓ Making new friends
- ✓ Exploring the most famous city in the world and its surroundings

All students receive 15 hours of tuition a week. However, even during the afternoon activities, students are practising their English language skills at all times.

The best thing about the course is that the class curriculum is integrated into the afternoon activities, so the Sherlock Holmes Experience day is a fun day learning all about the famous fictional detective. There is a lot to learn about the Royal family, the history of the Government, the Beatles and so on.
